Love has brought us into being, has introduced us into the community of Jesus in the church, and love in Jesus Christ is with us all our days, and with God's world until the end of time.

## **WE ARE BACK IN ORDINARY TIME**

The Church's year is made up of two high seasons (**Lent-Easter** and **Advent-Christmas**) and two blocks of what, in Church language, is called **Ordinary Time**. It is most noticeable in the changed décor of the church. The Easter banners have gone and on most Sundays the priest wears green vestments. Some of the music which is integral to the Mass also tends to be different. We will be in that mode for a good stretch of time, basically until the Advent season begins.

In his apostolic letter approving the Roman calendar (14 February 1969), Pope Paul VI noted some important facts about the liturgical year:

- Over many centuries, Catholics had become accustomed to so many special religious devotions that the mysteries of redemption lost their proper place. This was due to the large number of vigils, holydays and octaves, and to the growing dominance of various seasons over the Church year;
- St. Pius X and Pope John XXIII restored Sunday to its former dignity, so that everyone should once more consider it as the Church's original feast day;
- The Popes restated the traditional teaching of the Church: The celebration of the liturgical year has a special sacramental power and force which nourishes and strengthens the life of Christians. The Church year is not merely a recalling of the historical events by which Christ won our salvation;
- The reason for the restoration of the liturgical year is to help believers through their faith, hope and love to share more fully in the entire mystery of Christ as it is unfolding throughout the year.
